

ECZEMA (ATOPIIC DERMATITIS)

HOME CARE / PREVENTION

- Don't use all those smell-good baby products on your baby—use them on you.
- Use the least amount of soap as possible. Dove unscented is a good mild soap.
- Use cetaphil cream (not lotion) 2 times per day all over baby..
- Use 1% hydrocortisone ointment (not cream) 2 times per day for 2 weeks on very dry areas/patches.
- Use dreft for clothes washing.
- No dryer sheets for laundry.
- Do not use bubble bath.
